Saint Luke’s Health System
Plaza Campus
Rooms: Plaza A, B, and C
4401 Wornall Road
Kansas City, Missouri 64111
COURSE DESCRIPTION
This offering is designed to provide information to healthcare professionals regarding the management of patients who have experienced traumatic injuries. Topics covered in this class are management of shock in the trauma patient, aspects of care of burn victims in the acute care setting, teamwork and communication in the acute care setting, and organ donation of the trauma patient. This program is intended for nurses and other healthcare professionals that interact with trauma patients.

LEARNER OUTCOMES
1. Identify two interventions to integrate into current practice when managing a trauma patient
2. Complete a nine question post-test

ACCREDITATION
Saint Luke’s Health System is an approved provider of continuing nursing education by the Midwest Multistate Division, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.
