OUR PRESENTERS:

JAKE BREEDING, MD, FACS
Dr. Breeding is the Trauma Medical Director and a General Surgeon at Salina Regional Health Center. Dr. Breeding graduated from the University of Kansas School of Medicine and did his General Surgery Residency with the University of Kansas School of Medicine in Wichita, KS.

ROBERT DODSON, MD, FACS, FASCRS
Dr. Dodson is the Trauma Director at Mercy Hospital in Joplin, MO where he also is the Trauma Committee Chair for the State Advisory Council for EMS and the Chair for the South-east Kansas Regional Trauma Council. Dr. Dodson completed medical school Uniformed Services University of the Health Sciences at F. Edward Hebert School of Medicine in Bethesda, MD. He did his General Surgery Residency with the 81st Medical Group at Keeler AFB and received a Fellowship in Colon and Rectal Surgery at the University of Illinois Urbana/Champaign Carle Foundation Hospital in Urbana, IL.

KENNETH L. MATTOX, MD, FACS
Dr. Mattox is one of the most recognized surgeons in America. His reputation as an innovator in trauma care is worldwide. He has made original and significant contributions in trauma resuscitation, trauma systems, thoracic trauma, vascular injury, autotransfusion, complex abdominal trauma and multi-system trauma. The “Mattox Maneuver” for abdominal aortic injury was used internationally in years past. His research in pre-operative fluid restriction for penetrating trauma shook the foundation of surgical doctrine in this area. Doctor Mattox is Distinguished Service Professor of the Michael E. DeBakey Department of Surgery at Baylor College of Medicine and Chief of Staff/Chief of Surgery at the Ben Taub General Hospital, Houston, Texas. He helped develop the internationally renowned Ben Taub General Hospital Emergency Center and its equally respected Trauma Center.

TRACY ROGERS-McDONALD, RN, MSN, CCRN, NEA-BC
Mrs. Rogers-McDonald is the Trauma Program Manager at the University of Kansas Hospital. She currently serves as state faculty for the Emergency Nurses Association’s Trauma Nursing Core Course and national faculty for the American Trauma Society’s Trauma Program Manager Course.

TIMOTHY STEBBINS, MD
Dr. Stebbins is the Emergency Medicine Department Medical Director at Via Christi Medical Center in Pittsburg, KS, where he is also the Crawford County EMS Medical Advisor for Crawford County, KS. Dr. Stebbins graduated from the University of Kansas School of Medicine and did his Emergency Medicine Residency at Truman Medical Center in Kansas City, MO.
Objectives

- Discuss the importance of a complete disaster plan, including Prevention, Mitigation, Response, and Recovery
- Develop a plan for training and exercising that disaster plan
- Familiarize yourself with the local, state, and federal assets available to you after a disaster
- Demonstrate how one can use strong willed and other professionals who all want to “drive the train” to focus on their areas of expertise, while still functioning under a coordinated governance structure
- Give recommendations on a practical approach to providing medical leadership during an acutely happening and rapidly changing Disaster Medical Response
- Discuss the hospital response to the disaster, including an outline of events and patient encounters.
- Discuss lessons learned related to both hospital ICS and emergency department management.
- Provide input into disaster planning/drilling for their region.
- Incorporate backup planning/drilling into disaster communication scenarios
- Identify challenges faced by a secondary receiving facility during a mass casualty situation.
