COURSE DESCRIPTION

This four hour program will provide comprehensive education and insight into the best management for various aspects of treating the traumatically injured patient. This course is designed to enhance the knowledge and skills necessary for those caring for trauma victims to better understand systematic trauma assessment, traumatic brain injury, excited delirium, and traumatic wound therapies.

OBJECTIVES

- To underscore the importance of a stepwise approach to the diagnosis and management of the traumatically injured patient.
- Define disorders of consciousness by differentiating the criteria for determining DOC states, such as coma, vegetative, and minimally conscious.
- Learn how to recognize and safely manage the trauma patient suffering from excited delirium.
- Understand typical events triggering wound infections in children and the approach to therapy for such traumatic wounds.

AUDIENCE/ACCREDITATION

This program is designed for health care providers involved in the care and management of traumatically injured patients.

CONTINUING NURSING EDUCATION

Truman Medical Centers is an approved provider of continuing nursing education by the Midwest Multistate Division, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.

4.0 continuing nursing education hours may be awarded for attending the entire program.

EMS CONTINUING EDUCATION

Continuing education credit for EMS providers is being provided by the UMKC School of Medicine EMS Education Program. The UMKC EMS Education program is a Missouri Bureau of EMS authorized training entity, accreditation number 09529T6. Four (4) EMS continuing education hours may be awarded for attending this program.

NO SHOW POLICY

If you have pre-registered and are unable to attend this conference please notify Andrea Hawk via phone or email so that someone else will be allowed to attend from the waiting list. TPMs of supporting institutions will track no-shows, and if a pattern is found, you will not be allowed to register for future Midwest Trauma Society Consortiums.

TRAUMA EDUCATION CONSORTIUM

The Trauma Education Consortium provides multiple opportunities to attain a variety of quality trauma specific education throughout the greater Kansas City area. Consortium members include: Children’s Mercy Hospitals & Clinics, Centerpoint Medical Center, University of Kansas Hospital, Liberty Hospital, North Kansas City Hospital, Research Medical Center, Saint Luke's Hospital, and Truman Medical Center Hospital Hill. Employees of member trauma centers only, not affiliated hospitals, are included as consortium members.
