2017 Trauma and Critical Care Symposium

This one-day continuing medical education activity is designed to provide physicians and other healthcare providers with current education and management strategies on a variety of topics focused on caring for critical adult, pediatric and trauma patients.

Objectives

**Adult**

- Discuss the physiologic insults burn injuries bring to a patient
- Understand the resuscitation and early care of the burn patient
- Illustrate the mechanics and principles behind veno-venous ECMO and veno-arterial ECMO
- Demonstrate the benefits of an ECMO program to a trauma service and the institution as a whole
- Learn the objectives of the bomb squad
- Medical consideration of explosive events and patients

**Pediatric**

- Review case studies of pediatric patients injured by guns
- Review common injury patterns in kids from firearms and nonpowder guns (BB guns, air rifles, paint guns)
- Review diagnosis and diagnostic difficulties in button battery ingestions; discuss management recommendations for and complications of button battery ingestions/injuries
- Identify key components of a successful pediatric rehabilitation program
- Describe the importance of integrating habilitation and retraining of developmental milestones during pediatric rehabilitation
- Select situational-appropriate sedative and analgesic medications
- Trouble shooting during a procedure: intraprocedural monitoring and reversal agents

Education Credit

Physicians: Wesley Medical Center is accredited by the Kansas Medical Society to provide continuing medical education for physicians. Wesley designates this live activity for a maximum of 6.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses: Wesley Medical Center is approved as a provider of CNE by the Kansas State Board of Nursing. This course offering is approved for 8.5 contact hours applicable for RN or LPN relicensure. Kansas State Board of Nursing provider #ILT0085-0327.

Respiratory therapists: The Wesley Medical Center, as a chapter society of the AARC. Providership # KRCS 029

EMT/Paramedics: Wesley Medical Center, as an approved provider by the Kansas Board of EMS, has approved this offering for 8.5 continuing education hours towards EMT/MICT relicensure (provider # PP3369). Wesley Medical Center is an approved long-term provider of continuing education by the Kansas Board of EMS. Each technician is responsible for maintaining a record of their continuing education.

Location and Parking

The symposium will be held in the Cessna Conference Center at Wesley Medical Center, 550 N. Hillside, Wichita, Kan. (located at Central and Hillside).

Participants may park in the visitor parking garage (entrance is on Murdock St.) and enter the hospital on the first floor. Cessna Conference Center is located on your left. Because the temperature in the meeting rooms can fluctuate, layered clothing is suggested. Casual dress is encouraged.
