

Kansas Trauma Registry
Summer 2009
Training Schedule

Collector Version 4 Training –These classes will be for both Web and Locally installed versions of Collector and will focus on data entry, tips for speed and accuracy, checks and submission.

The training schedule has not been set for 2009. Please call Dan Robinson (785-296-3180) or email at drobenson@kdhe.ks.gov if you are interested in registry training.

Collector Report Writer Training - This class is to train advanced trauma registry users to use the Report Writer Application. We will discuss the basics of querying your database, creating your own data reports and learn how to manipulate and aggregate your data. We recommend that advanced users who need to be able to use their database for reports, data requests, trending and other purposes attend this course.
