Cv4*	September 28, 2011	9am-12pm	TBA
RW**	January 25, 2012	10am-3pm	Topeka

*Cv4: Collector Version 4 Training –These classes will be for both Web and Locally installed versions of Collector and will focus on data entry, tips for speed and accuracy, checks and submission.

**RW: Collector Report Writer Training - This class is designed to train advanced trauma registry users to use the Report Writer Application. We will discuss the basics of querying your database, creating your own data reports and learn how to manipulate and aggregate your data. We recommend that advanced users who need to be able to use their database for reports, data requests, trending and other purposes attend this course.

Registration Requirement: Classes are required to have at least four participants registered the week prior to the class date for the class to commence. Cancellation notices will be sent out if the registration requirement is not met.

Please call Dan Robinson (785-296-3180) or email at drobinson@kdheks.gov to register for a class.
